No

Original interior intact? Yes, woodworking, flooring and other finishes intact.

No

Original windows intact? Yes, no window or sash replacements.

No

Other: Please list and provide specific details in the narrative section.

Narrative

Describe in detail the present physical appearance, condition and architectural characteristics. Then, if known, describe the original physical appearance, condition and architectural characteristics. Also list and describe in detail any other applicant information. Use a Narrative Continuation sheet found at the end of this application, if necessary.

Narrative continued:

PART 3: HISTORICAL OR CULTURAL SIGNIFICANCE

Centralia Municipal Code recognizes 12 criteria of eligibility for inclusion on the Centralia Register of Historic Places. Please select all that apply to this property and for which there is documentary evidence included in this nomination form.

Criteria for designation

- At least 50 years old
- Associated with events that have made a significant contribution to the broad patterns of national, state or local history.
- Embodies the distinctive architectural characteristics of a type, period, style or method of design or construction, or represents a significant and/or distinguished entity whose components may lack individual distinction.
- Outstanding work of a designer, builder or architect who has made a substantial contribution to the art.
- Exemplifies or reflects special elements of the City's cultural, economic, political, aesthetic, engineering or architectural history.
- Associated with the lives of person(s) significant in national, state or local history.
- Has yielded, or may be likely to yield, important archaeological information related to history or prehistory.
- A structure that has been moved from its original location but which is significant, primarily for architectural value, or which is the only surviving structure significantly associated with a historic person(s) or event.
- It is the birthplace or grave of a historical figure of outstanding importance and is the only surviving structure or site associated with such person.
- A cemetery which derives its primary significance from age, distinctive design features or association with historic events or cultural patterns.
- A reconstructed building that has been executed in a historically accurate manner on its original site.
- A creative and unique example of folk architecture and design created by persons not formally trained in the architectural or design professions, and which does not fit into formal architectural or historical categories.

Historical data

Date(s) of construction:

Date(s) and description of other significance:

PART 4: HISTORIC PLAQUE

Are you interested in purchasing a historic building designation plaque for installation on the exterior of the structure or on the site? Yes No
