**Subject:** **Westside Connector Phase 1 – North Scheuber Road Improvements**  
**Project Number:** **PW 2023-12**

The City of Centralia Public Works Department will be improving North Scheuber Road from Galvin Road to Mount Vista Road this summer. This project will include roadway reconstruction, installation of sidewalk on the west side of the road, and a joint-use bicycle and pedestrian pathway on the east side of the road. We will also be installing stormwater facilities, roadway and pedestrian lighting, undergrounding some overhead utilities, and installing landscaping.

This project is a joint project between the City of Centralia and Lewis County Public Works. It is the first construction project in a corridor plan to provide a connection between Harrison Avenue and South Scheuber Road on the south side of the Chehalis River. For more information regarding the overall Westside Connector Project, please contact Mark Burch at Lewis County Public Works at 360-740-2650 or by email at [mark.burch@lewiscountywa.gov](mailto:mark.burch@lewiscountywa.gov).

**There will be some impact to residents during the work.**

The roadway may be closed at times during construction. However, local access to properties will be maintained at all times. Please be cautious when walking or driving through the work area. Flaggers will be present to direct traffic through the area as needed. Work is expected to begin late June or early July and working hours will be 7 A.M. to 6 P.M. weekdays, excluding holidays. The City will install reader boards in advance of construction beginning to provide the construction start date once it is established.

The contractor, Midway Underground, the City Inspector, and the City of Centralia Engineering Department will coordinate with adjacent residents during the work to minimize the inconvenience. If you have any questions or concerns at any time during this project, please feel free to contact me at (360) 330-7512 or by e-mail at [FPerryman@cityofcentralia.com](mailto:FPerryman@cityofcentralia.com). Thank you for your patience during construction.
