

TO: Centralia Resident

FROM: Fred Perryman, Project Manager

DATE: July 15, 2025

SUBJECT: S Yew Street and South Street Improvement Project

Project Number: PW 2025-07

The City of Public Works Department will be completing utility and roadway improvements on South Yew Street and South Street beginning next month. This is a “Dig Once” project funded by the City Utility Departments and will include utility installation and replacement, roadway widening and paving, pedestrian and bicycle improvements, street lighting and stormwater improvements.

There will be some impacts to adjacent residents during the work. The roadways will be closed to through traffic but open to residents during construction. Please be cautious when walking or driving through the work area. Flaggers will be present to direct traffic through the area as needed. Work will take place from 7am to 6pm on weekdays, excluding holidays and will continue through the fall and possibly extend through spring 2026. The contractor, Midway Underground, the City Inspector, and the Engineering Department will coordinate with adjacent residents during the work to minimize the inconvenience.

If you have any questions or concerns at any time during this project, please feel free to contact me at (360) 330-7512 or by e-mail at FPerryman@cityofcentralia.com.

Thank you for your patience during construction.
