Electrical Contractor: _____ Phone: _____

The following may be required:

- | | | | |
|---|----------|-----|----|
| 1. Site Plan of lot showing approximate locations of buildings, driveways, proposed electrical facilities and service location. | Attached | Yes | No |
| 2. Copy of property survey showing lot lines, property corners, dimensions, easements & right-of-way. | Attached | Yes | No |

It is understood that if additional work is required of the City, due to customer revisions of the electrical load and/or voltage requirements, or other information as supplied or requested on this form, the additional costs are borne by the customer.

The City provides for installed load, not future load.

Prior to energizing service, electrical panel must be approved by the Washington State Department of Labor and Industries (360-902-5442).
