

# CENTRALIA STREAM TEAM

JANUARY 13<sup>TH</sup>

6:00 PM

•  
1100 N TOWER  
AVENUE  
CENTRALIA, WA

## 2019 Winter Newsletter

Welcome to the inaugural issue of the Centralia Stream Team Newsletter! This newsletter will celebrate the accomplishments of our partners and volunteers, highlight upcoming volunteer opportunities, and share interesting information about our local streams and creeks.

In the past, the Stream Team has been involved with numerous trash pick-ups and tree planting along our China Creek banks. The Stream Team is made up completely by volunteers who want to see improvements to their community and clean water in the creeks.

2019 was a year of rebuilding for the Centralia Stream Team. Promotions and personnel changes have left the Stream Team slowing down in operations, but we are hoping for a strong year in 2020! I, Andrew Elam, will be leading the charge for the Stream Team. I work for the City of Centralia in the Stormwater Department and will be leading the projects and meetings in the future.

You may have already seen the Stream Team in action as they were involved with the Summer Festival at Borst Park this past July. It was a great opportunity to meet with our community members and get to experience the Fin trailer, Drain Dare trailer, and Lake Aberdeen's fish pond stocked with trout.

If you are interested in being a volunteer for the Centralia Stream Team please come by to our very first meeting on **January 13, 2020 at 6:00pm**. It will be located at 1100 N Tower Avenue, Centralia, WA 98531. Food and beverages will be provided.
